

6 September 2019

Dear Parents/Caregivers

Surveyors Creek Public School will be implementing a new SMS system at the beginning of term 4 that will enable us to notify parents electronically if your child is absent from school. We will also be able to use the system to advise parents of any important information including evacuation or lockdown procedures in progress.

We have also included an Amendment of Student Contact Details form below which we ask all families to please complete and return to the school office as soon as possible.

Thanking you for your anticipated assistance.

Yours in Education

Mrs Kathy Browne
Principal
