Responsible Pet Ownership Presentation – 27th March 2020

Dear Parents/Guardians,

On Friday 27th March 2020, students in K-2 will participate in a 40 minute presentation on Responsible Pet Ownership.

Responsible Pet Ownership focuses on educating young children about pet safety and promoting responsible pet ownership. The presentation uses techniques such as role play, storytelling, music and dance to help get this serious pet safety message across. This presentation is provided free of charge by a trained Pet Educator and links to a Responsible Pet Ownership curriculum kit for Early Stage One and Stage One that is provided by the NSW State Government.

As part of the presentation a dog will be present. It will be with the Pet Educator and has been trained to be part of these presentations. All students will interact with the dog as part of the presentation i.e. approaching the dog and patting the dog.

Please complete the permission note, including information about allergies and / or nervousness around dogs and return to your child's class teacher by Tuesday 24th March 2020.

Yours sincerely

Mrs Jane Borg
Assistant Principal

Mrs Kathy Browne
Principal
