KINDERGARTEN START AND FINISH TIMES

Dear Parents and Caregivers

Our staggered start and finish times for Kindergarten have enabled our students to begin school in a calm and relaxed transition over the past two weeks. As of next week our Kindergarten students will be arriving at school in the same timeframe as Year 1 through to Year 6, however the option for a 3pm pick up will still be available to parents who prefer the earlier timeframe.

Morning: Kindergarten students can arrive at school anytime between 8:40am and 9:10am. Kindergarten parents will be able to walk their Kindergarten children into the void area (front of admin block near pencils and carpark) to drop off at the internal gate. Kindergarten students will be in the playground prior to class time and walk to class on the 9:10am bell as Year 1-6 students do.

Afternoon: Kindergarten classes will be seated in the COLA area at 3pm. Parents wishing to pick their child up at 3pm may wait in the internal gate area outside the admin block as we have done thus far. Teachers will assist with handover of students to parents at the gate. Students will be supervised until 3:10pm by the classroom teachers in the COLA area.

We appreciate your assistance in helping us to ensure our COVID guidelines are monitored effectively. If you are picking up your child at 3pm and need to wait for a child in other grades, please ensure that you pick up your Kindergarten child and leave the internal area of the school to wait outside the school for students in other grades.

Yours sincerely

Ms Michele Hanman
Assistant Principal

Mrs Kathy Browne
Principal
