

Wednesday 18th May 2022

Dear Parents / Carers,

Stage 2 "Living World" strand focuses on students considering the agricultural processes used to grow plants and raise animals. Students design and produce a product or system to support the growth of a plant and/or animal. To support students learning we have arranged for the students to participate in a workshop at school.

The Super Pollinators Incursion is a rich hands-on learning experience designed to ignite interest and proactive conservation for Australian bees. This incursion makes a fabulous support for understanding pollination processes, paddock-to-plate themes, sustainability, and lifecycles. The Incursion is comprised of a presentation for the entire student cohort followed by a building workshop conducted in class groups.

Incursion: Super Pollinators

Date : Friday 17<sup>th</sup> June

Cost: \$12 per person this includes all materials for the building workshop.

Dress: Students will need to wear school sports uniform, including enclosed shoes and their school hat.

Please return the permission slip below with \$12.00 payment in a clearly marked envelope to the payment box outside the Front Office by 9:10am on Friday 10<sup>th</sup> June 2022 or please make an online payment by 6:00pm Thursday 9<sup>th</sup> June 2022.

Kind Regards,  
Stage 2 Teachers

  
Kathy Browne  
Principal
