

2nd February 2023

OzHarvest FEAST Program

Dear Parents/caregivers,

In Term 1 our Year 5 & 6 students will be participating in an exciting new program called **FEAST**. This is a 10 week curriculum aligned program where students will learn about food waste, nutrition, sustainability and develop basic cooking skills as they work together to create their own school cookbook. Like any good FEAST, it's designed to be fun, engaging and filled with good food!

The FEAST program was developed by OzHarvest, Australia's leading food rescue organisation. The program forms part of our STEM and English curriculum this term as students learn problem solving, design and production skills, collaboration, communication, procedural texts and important life skills. We hope they bring some of these great skills home!

If you want to continue learning about these topics at home, download the free [FEAST at Home](#) fun activities and recipes!

Please sign the permission slip below and have your child return it to their classroom teacher by Tuesday, 7th February 2023.

Kind Regards,
Mrs Sophie Kennedy
Stage 3 Rel. Assistant Principal

OzHarvest FEAST Program Permission Slip

I give permission for my child _____ in class _____ to participate in the FEAST program.

I understand that students will be preparing and eating a variety of healthy meals in the cooking sessions. All the dishes prepared in class are vegetarian and nut free. Other dietary requirements and allergies will be managed if we are well informed.

My child's dietary requirements are as follows _____
