

Framework Timetable for Support Unit students, Term 3 Week 9, Monday - Friday

Below is a learning framework/timetable for you to follow. You will need access to a digital device to complete some of the activities. Your teacher will also have a daily Zoom to check-in with how you are going. Please log in to your Google Classroom. There will be worksheets from your teacher for you to print and complete. You may need help from a parent/carer. You are also able to access Mathletics and other websites. Complete all activities in your workbook and keep worksheets in your book too. Write the date on your activities to keep track. Bring all of your completed activities and workbook when you next come in to school.
