TERM 4
•
WEEKS 3-4

BOOK FAIR

Last week students participated in the 2020 Book Fair. Everyone looked great dressed up in wonderful costumes to celebrate the book theme for the year 'Curious Creatures Wild Minds'.

KITCHEN GARDEN

In the past two weeks students have had the opportunity to spend some time in the Kitchen Garden. The students had a great time planting beetroot, carrot and tennis lettuce. They were also able to use the watering can to water the other fruits and vegetables that are in the garden. After that the students used a mortar and pestle to grind wheat grains into flour.

MATHS

In Back-to-Front Math's students have been looking at patterns and functions. These concepts have been explored through the use of concrete materials such as pattern blocks and function machines, ICT resources and mental strategies.

ENGLISH

In English students have been looking at narrative writing. They have explored what elements we need in a narrative. The main elements we are exploring is who? what? and where? Students will continue to be given opportunities to explore their imagination and create their own narratives.

COMING UP!

Next week is NAIDOC week. Students will have opportunities to participate in a variety of 2020 NAIDOC activities. This week students are participating in a NAIDOC colouring-in competition.

Remembrance Day is on Tuesday the 11th of 11th. We remember those who died as a result of war with one-minute silence.
