English

In Literacy, we have been learning about digraphs. A digraph is two letters that make one sound. Students went on a scavenger hunt around their classroom to find the words with these familiar digraphs. We have been writing narratives and focusing on sizzling starts to begin our stories in an exciting way. We are now effectively using onomatopoeia and dialogue in our writing.

Maths

In Back to Front Maths we have been learning about Chance. Using language like possible, impossible, likely, unlikely, certain, maybe and uncertain. We have also been learning about classification of shapes and groups of objects. Students have had to explain their reasoning.

Our other KLAS - Kindergarten have been learning about different Drama forms. We are utilising a variety of media in CAPA, creating some fantastic works of art and craft.
